

# The American Institute of Architects Continuing Education Systems

AIA/CES Registered Provider Program Summary Handout

---

**Provider:** Dur-A-Flex, Inc.

**Length:** 1 hour

**Program #:** K189

**Credits:** 1 LU hour

**Program:** Design Considerations & Options for successful Resinous Flooring Installations

**HSW:** No

---

**Description:** Using the proper American National Standard Specifications for resinous floor choices, this program will review the proper methodology for researching, evaluating and selecting the appropriate resinous flooring solution for your facility. The program will include pre-construction considerations, product options, installation and maintenance.

**AV Needs:** Electrical power and screen for the PowerPoint slide or presentation. The CES facilitator will supply the laptop.

**Learning Objectives:** After completion of this course, participants will be able to:

- List the steps involved in ensuring a successful floor coating project.
- Describe what products typically work best in various applications
- Recognize errors in installation projects from photos shown and recommend suggestions for proper install.

**Target Audience:** Architects, specifiers, interior designers, owners and other design professionals. The ideal audience size can be 10-40 people. This program is basic and meets the needs of professionals at every experience level.

**How Taught:** The CES facilitator utilizes a PowerPoint presentation to provide an in-depth overview for how to specify the appropriate resinous flooring choices for various industrial and commercial environments. It will be an interactive session that encourages feedback and questions and a "Fill-in-the-blank" worksheet will be distributed to help reinforce the learning objectives. The program concludes with a review of successful installations and outlines some of the key steps or standards that were followed to ensure a satisfied client project.

**Facilitator Qualifications:** All Dur-A-Flex Floor Coating CES facilitators have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training in the field and are considered industry experts.

**Costs:** There is no cost to bring this program into your firm or chapter meeting.
